ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-in-Savings Disclosure are share accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Primary Savings, Secondary Savings, Youth Savings, Teen Savings, Christmas Club, Vacation Club, Money Market, IRA (Traditional and Roth), Texas Premium Checking, and Legacy Checking accounts, the dividend rate and annual percentage yield may change at any time as determined by the Credit Union's Board of Directors. The dividend rates and annual percentage yields are the prospective rates and yields that the Credit Union anticipates paying for the applicable dividend period. Primary Savings, Money Market, and IRA (Traditional and Roth) accounts are tiered rate accounts. The balance ranges and corresponding dividend rates and annual percentage yields applicable to each tier are disclosed in the Rate Schedule. For tiered accounts, once a particular range is met, the dividend rate and annual percentage yield for that balance range will apply to the full balance of your account.

2. NATURE OF DIVIDENDS — Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

3. DIVIDEND COMPOUNDING AND CREDITING — The compounding and crediting frequency of dividends and the dividend period applicable to each account are stated in the Rate Schedule. The dividend period is the period of time at the end of which an account earns dividend credit. The dividend period begins on the first calendar day of the period and ends on the last calendar day of the period. For Christmas Club accounts, the dividend period is annual. For example, the first dividend period begins on November 1 and ends on October 31. All other dividend periods follow this same pattern. For Vacation Club accounts, the dividend period is annual. For example, the first dividend period begins on June 1 and ends on May 31. All other dividend periods follow this same pattern.

4. ACCRUAL OF DIVIDENDS — For all earning accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. For Primary Savings, Secondary Savings, Youth Savings, Teen Savings, Christmas Club, Vacation Club, Money Market, IRA (Traditional and Roth), Texas Premium Checking, and Legacy Checking accounts, if you close your account before accrued dividends are credited, you will not receive the accrued dividends. However, for Christmas Club and Vacation Club accounts, any accrued dividends will be paid if you close the account within seven (7) days of the date you open it.

5. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit the minimum required share(s) in a Primary Savings account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Money Market and Texas Premium Checking accounts, there is a minimum daily balance required to avoid a service fee for the dividend period. If the minimum daily balance requirement is not met during each day of the dividend period, you will be charged a service fee as stated in the Schedule of Fees and Charges. For Primary Savings, Secondary Savings, Youth Savings, Teen Savings, Christmas Club, and Vacation Club accounts, there is a minimum average daily balance required to earn the annual percentage yield disclosed for the dividend period. If the minimum average daily balance requirement is not met, you will not earn the annual percentage yield stated in the Rate Schedule. For Money Market, Texas Premium Checking, and Legacy Checking accounts, there is a minimum daily balance required to earn the annual percentage yield disclosed for the dividend period. If the minimum daily balance requirement is not met each day of the period, you will not earn the annual percentage yield stated in the Rate Schedule. For accounts using the average daily balance method as stated in the Rate Schedule, dividends are calculated by applying a periodic rate to the average daily balance in the account for the dividend period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period. For accounts using the daily balance method as stated in the Rate Schedule dividends are calculated by applying a daily periodic rate to the principal in the account each day.

6. ACCOUNT LIMITATIONS —For Christmas Club accounts, the entire available balance will be paid to you by check or transferred to another account of yours on or after November 1 and the account will remain open. If you withdraw from your Christmas Club account, you will be charged a fee as disclosed in the Schedule of Fees and Charges. However, no fee will be charged if the withdrawal occurs within seven (7) days of the date the account is opened. For Vacation Club accounts, the entire available balance will be paid to you by check or transferred to another account of yours on or after June 1 and the account will remain open. If you withdraw from your Vacation Club account, you will be charged a fee as disclosed in the Schedule of Fees and Charges. However, no fee will be charged if the withdrawal occurs within seven (7) days of the date the account is opened. For Primary Savings, Secondary Savings, Youth Savings, Teen Savings, Non-Dividend Savings, Money Market, IRA (Traditional and Roth), Basic Checking, Teen Checking, Opportunity Checking, Texas Premium Checking, and Legacy Checking accounts, no account limitations apply.

7. FEES FOR OVERDRAWING ACCOUNTS — Fees for overdrawing your account may be imposed on each check, draft, item, ATM transaction and one-time debit card transaction (if member has consented to overdraft protection

plan for ATM and one-time debit card transactions), preauthorized automatic debit, telephone initiated withdrawal or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in your account may not be available for withdrawal, transfer or paying a check, draft or item. You may consult the Membership and Account Agreement and Funds Availability Policy Disclosure for information regarding the availability of funds in your account. Fees for overdrawing your account may be imposed for each overdraft, regardless of whether we pay or return the draft, item or transaction. If we have approved an overdraft protection limit for your account, such fees may reduce your approved limit. Please refer to the Schedule of Fees and Charges for current fee information.

For ATM and one-time debit card transactions, you must consent to the Credit Union's overdraft protection plan in order for the transaction amount to be covered under the plan. Without your consent, the Credit Union may not authorize and pay an overdraft resulting from these types of transactions. Services and fees for overdrafts are shown in the document the credit union uses to capture the member's opt-in choice for overdraft protection and the Schedule of Fees and Charges.

8. MEMBERSHIP — As a condition of membership, you must purchase and maintain the minimum required share(s) as set forth below.

Par Value of One Share	$20.00
Number of Shares Required	1

9. RATES — The rates provided in or with the Rate Schedule are accurate as of the effective date indicated on this Truth-in-Savings Disclosure. If you have any questions or require current rate information on your accounts, please call the Credit Union.

10. FEES — See separate Schedule of Fees and Charges for a listing of fees and charges applicable to your account(s).
